

TROUTDALE LIQUOR

Wholesale Ordering: Access & App Installation

You can place orders from your phone, tablet, or computer. The ordering app installs from our website; no app-store download is needed.

1. Access your wholesale order guide

- Open <https://troutdaleliquor.com/wholesale/> in your browser.
- Select **Click to Login For Order Guide** and sign in with your approved account email/username and password.
- Open your bar's order guide. If you manage multiple bars, select the correct bar account before ordering.

2. Install on Apple iPhone or iPad

- Open your wholesale order guide using **Safari** (not an in-app browser).
- Tap the **Share** icon (square with an upward arrow).
- Scroll down and choose **Add to Home Screen**. On some iOS versions, choose **Open as Web App** if shown.
- Tap **Add**. The Troutdale Liquor icon will appear on your Home Screen.

3. Install on Android

- Open your wholesale order guide using **Google Chrome**.
- Tap the **three-dot menu** in the upper-right corner.
- Choose **Install app** or **Add to Home screen** (the wording depends on your device).
- Follow the prompts to install or add the shortcut.

4. Place an order

- Open the app icon, sign in if prompted, and select your bar.
- Enter quantities, add any special requests or notes, and review your order.
- Select the fulfillment option available to your bar, then submit your order. The displayed total is projected and may vary slightly.

Tip: If you do not see the install option, use Safari on Apple devices or Chrome on Android and make sure you have opened the order guide in the browser.

Login trouble? Use the password-reset link on the login page or contact Troutdale Liquor for account assistance.
